

# HCP2010 Final Bulletin

August 10, 2010

Dear HCP2010 participant,

We are now less than two weeks away from the start of HCP2010. We are looking forward to seeing you all in Toronto and anticipate an exciting conference where the most recent results from the LHC, Tevatron and other energy frontier machines will be discussed and where we hear about the most recent, related, theoretical developments. In this bulletin we attempt to provide you with the most up-to-date logistical information for the meeting. If you have any questions please do not hesitate to get in touch with us at: [hcp2010@physics.utoronto.ca](mailto:hcp2010@physics.utoronto.ca).

## Arrival and Registration

We invite you to a welcome reception, with wine and cheese, from 17:00 to 20:00 on Sunday evening, the 22<sup>nd</sup> of August, at the site of the conference (The Bahen Centre, University of Toronto, 40 St. George Street – nearest cross-streets St. George and College). You can find a link to it on Google Maps at the conference website. You'll be able to pick up your conference materials, test the wireless setup, meet up with colleagues etc. Your registration packets will also include suggestions for nearby restaurants either for dinner or lunches during the week.

Registration will resume Monday at 8:00 am outside the meeting room. The session starts at 8:50 (see <https://indico.triumf.ca/conferenceTimeTable.py?confid=916>).

Please note, for those of you haven't paid your registration fees we'll only be able to accept cash (Canadian-\$, or US-\$ at par!) at the conference site. However, we can still accept payment online at: <https://mis.triumf.ca/events/event.jsf?confcode=HCP2010> until the start of the meeting. We'll also be able to direct you to a nearby bank machine to get cash

## Conference dinner information

Thursday evening we'll be hosting the Conference Dinner at the CN tower. The cost of this dinner is included in the registration fee. A limited number of dinner tickets for accompanying persons may be available on Sunday and Monday during registration at a cost of \$100 (which includes the \$25 admission to visit the tower observation deck).

*Meal preferences need to be communicated to the restaurant prior to the week of the conference.* We regret not asking this during the registration process, but would like to request that you email us at [hcp2010@physics.utoronto.ca](mailto:hcp2010@physics.utoronto.ca) with your preference (Chicken, Salmon or Vegetarian) by the end of this weekend (August 15, 2010). For those who don't respond, we will make a guess at the distribution of remaining meals. When you register for the meeting you will be given a *Dinner Choice* ticket. We apologise in advance if your preference is not available at the time of registration.

## Speakers and INDICO

We'll be using INDICO for the meeting, so as to make all talks available to the participants in real time. We ask that all speakers upload their talks at least half-a-day prior to their session so that we can load them onto the podium computer. Speakers will be contacted separately with the INDICO access information.

## Poster presenters

Poster boards will be provided in the halls outside the meeting room. 4' high x 3' wide posters should fit nicely (A0 also works in this size). Posters should go up during the day Monday. We have an extended period, Tuesday afternoon, in the program where poster presenters should be present to answer questions (extra refreshments provided). Presenters will be contacted separately with details on where their poster should go up.

We look forward to welcoming you to Toronto at the end of the month. Sincerely,

The HCP2010 local organising committee
